**KING GEORGE SENDS MESSAGE TO ALL BRITISH COLONIES**  
Expressing Appreciation of Their Assurances of Support.

London, Aug. 4.—King George today addressed a message to all the British colonies expressing his appreciation of their spontaneous assurances that they will give the fullest support to the motherland.

"They recall to me," his majesty says, "the generous self sacrifice and help given by them in the past to the mother country. I shall be strengthened in the discharge of the great responsibility which rests upon me by the confident belief that in this time of trial my empire will be united, calm and true, and trusting in God."

## JEWETT CITY

**Insurance Inspectors Find Water Supply and Pressure of High Grade—Picking August Strawberries.**

The borough has been visited by a party of insurance inspectors. The water pressure was tested all over the borough, and up the pipe line at intervals all the way to the reservoir at Stone Hill. The results were most satisfactory and showed a pressure at no faucet of less than 50 pounds. The hydrants are from 118 to 126 pounds. At the Aspinook it is 140 and at Slater's there was found to be 145 pounds pressure to the square inch, and all this with an inexhaustible supply in the reservoir at Stone Hill. In its splendid fire protection, by hydrant supply needs no fire engine. Records show but one fire in this state with a hydrant pressure to equal that of Jewett City at present.

Not only is the water supply admirable on account of its quantity and static pressure, but its quality is among the best. A test of the water samples sent to the state laboratory at New Haven show a greater degree of purity each year, with but slight traces of vegetable matter.

**A Danger Point.**  
Two Sundays ago parties who happened to be near the railroad crossing, the only one in the borough, were witnesses to a hair-breadth escape. Three motorcycles came down the hill in the early evening. Two went across all right. The third, with a stranger woman passenger on the rear seat, was being run over by one of the evening trolleys by only a hair. People in front of Wolfe's shouted a warning and a general men on the street cried out to him. He stopped and that was all. There is no gate at the crossing Sunday afternoons. The trolley was moving within the speed limit and the motorcar was blowing its whistle as the law requires. The cyclist's horn was going and he didn't hear, couldn't see, and being a stranger, didn't know.

Any other day the gates would have been down. There is no warning bell. Both the railroad traffic and the highway passing is very great at this point. Many narrow escapes have happened and in case of accident it would be up to somebody, with conditions as they are at present.

**August Strawberries.**  
Frank I. Ray of South Main street is picking fine strawberries each day now from his prize bed of the ever-bearing variety. There are plenty of blossoms and new fruit forming now.

**Spring Vale Farm.**  
Passengers on the trolley notice that W. Deaneley, who owns his big 200 acre stock farm at Bishop's Spring Vale Farm, the name being shown in large letters printed across the front of his barn.

**Turk's Cap Lilies in Bloom.**  
The Turk's Cap lily is now blossoming at its best. A patch of meadow land near Jewett City, on the side of the railroad track, has hundreds of specimen of this deep red lily in full bloom. It is the lily superbum of the botanists. Miss Dana says: We might doubt whether our native lilies all resembled those alluded to in the Scriptural passage regarding Solomon in all his glory, if we did not know that a nearly allied species grew abundantly in Palestine.

**Invited to Hanover.**  
Notices have been received by the Baptist and Congregational churches, Endeavor societies of the local union meeting to be held at Hanover Saturday afternoon. The afternoon is to be spent in playing baseball and sports. In the evening Rev. D. N. Griffin of Hartford is to speak. The members of the societies have been asked to notify either Miss Alice Brown or Miss Carol Bliss if they expect to attend. The train will be at Jewett City at 2:45 p. m. car.

**Personals.**

**AGRICULTURAL INTERESTS**  
OF CALIFORNIA AFFECTED.

**Fruit Growers Seeking Means to Protect Shipments on Way to Europe.**

San Francisco, Cal., Aug. 4.—The European war has already seriously affected the agricultural interests of California, and today the official organizations of fruit growers sought means of protecting fruit to the value of \$1,500,000 now on its way to Europe in British bottoms. Some of this fruit was shipped via the isthmus of Panama, and the presence of German cruisers in the Pacific is giving the shippers much concern. Most of the dried fruit and canned vegetables from California have already reached Germany, where the bulk of such cargoes are consigned, but the shipment of fresh fruit is at its height.

Plans were started to send fruit products to the Atlantic seaboard by rail in the hope that vessels may be obtained there for transporting them to foreign ports.

Grain producers also are affected by the congestion of grain at Port Costa, where several ships sailing cargoes have refused to accept the shipments from the railroads.

**GERMANY APPEALS TO ITALY**  
TO STAND WITH HER.

Notifies Government That Hostile Acts of France Come Within Terms of Treaty.

Rome, Aug. 4.—Germany has made an appeal to Italy to stand with her according to the Giornale d'Italia. The newspaper says the attention of the Italian government has been called to what Germany describes as hostile acts on the part of France which, the German government says, constitute a case coming within the terms of the treaty of alliance, even though on ac-

**SEVERAL GERMAN PRISONERS BROUGHT INTO BELFORT.**  
Burial of First German Victims of Actual Conflict.

Belfort, France, Aug. 4.—Several Germans were taken prisoners today and brought into Belfort.

A squadron of the Eleventh French dragons stationed in Belfort rendered funeral honors today at Joncherey to a German Lieutenant, the first victim of actual conflict between France and Germany. Several hundred Alsatians, Swiss and Italians have enlisted here and have demanded to be sent to the German outposts.

**FRENCH AMBASSADOR TO ASK FOR PASSPORTS.**  
To Leave Embassy and Consulate at Berlin in Care of the United States.

Paris, Aug. 4.—The French government today sent a message to Jules Cambon, French ambassador in Berlin, telling him to leave his passport and to leave the embassy and consulate in the care of the United States.

The French government declares that Baron Von I. Schoen in his note made several incorrect statements, among them the German assertion that French army aviators had entered Belgium, had surveyed Nuremberg and had thrown bombs, and furthermore that French troops had invaded German territory at several points.

The French office declares that rigorous inquiries into the allegations contained in Baron Von Schoen's note showed that they were wholly unfounded. The only instance within a week of a French soldier having been on German soil was, it says, the case of a military aviator who descended at Muehlhausen and resumed his flight without reporting to the local authorities.

**400 GERMAN RESERVISTS ARRIVE IN NEW YORK**  
Placed Themselves at Disposal of German Government.

New York, Aug. 4.—It was said at the German consulate today that four hundred reservists had arrived in this city from Ulm and towns in the vicinity and had placed themselves at the disposal of the German government.

All were told that they would be sent broad as rapidly as possible. Hundreds of German reservists gathered in Battery park this afternoon and paraded. They carried German and American flags and planned to end the demonstration at Hoboken. At the French consulate it was said that many letters and offers to enlist from Americans had been received.

"I think," said the aviator who descended at Muehlhausen and resumed his flight without reporting to the local authorities.

The German singer, who is a naturalized American, went to Beyreuth to sing at the Wagner festival after obtaining a license in Chicago from William Rapp, Jr.

**AMERICAN TOURISTS FLOCK TO LUXEMBURG AND BELGIUM**  
Many Hired Carriages—Others Arrived Exhausted on Foot.

Brussels, Belgium, Aug. 4.—Hundreds of American tourists, surprised by events in the European situation, hurried from Switzerland and Germany to Luxembourg and Belgium.

Railroad communication being interrupted at the German frontier, many of the tourists hired horses and carriages, piling their baggage on the vehicles. Others arrived exhausted, on foot, in Luxembourg, whence a great party reached Ostend enroute for London.

Several hundred tourists are said to have been held up between Basel, Switzerland and Luxembourg, the German authorities refusing to let them continue on their way.

The American minister to Belgium, Brian Whitlock, and the American consular officials are intervening actively in the situation.

**Spain to Proclaim its Neutrality.**  
Madrid, Aug. 4.—The Spanish government is preparing a proclamation announcing its neutrality.

**ONLY DOMESTIC MILLS OF LADING TO BE ACCEPTED**  
On Shipments of Freight Consigned to Foreign Ports.

New York, Aug. 4.—Eastern railroad traffic managers in conference today decided that notice should be sent by roads terminating at the Atlantic Seaboard to their inland constituents of lading to the Seaboard through bills of lading on shipments of freight consigned to foreign ports.

No general embargo of freight for foreign ports will be placed, but such shipments will be accepted on domestic bills of lading to the Seaboard only.

"What Lovely Walls!"  
"Yes, We Used the Best Wall Board We Could Get"

## Fiberlic

Your home, summer cottage, bungalow, or apartment can be made just as attractive—with little cost (much less than lath and plaster) by using Fiberlic wall board.

You'll be interested in a few "reasons why."

Fiberlic is not made from the ordinary cheap wood pulp or paper pulp stock, but from a pulp composed entirely of wondrously strong and tough root fibre. It is the tough, fibrous quality of a wall board that insures its lasting qualities and worth.

Fiberlic is the only wall board made from material of this kind.

Fiberlic has greater tensile strength, and is more rigid by actual test, than any of the so-called pure wood-pulp boards.

Compare Fiberlic with other boards, bend it, burn it, test it in any way you please and you will note its complete superiority.

Fiberlic is made absolutely clean and antiseptic during the manufacturing process—thinking people will demand it.

It will not warp, sag, or bulge. It lends itself readily to the most expensive or the most inexpensive forms of decoration and the results are more than satisfying and artistic when Fiberlic is used.

Fiberlic is so more expensive than other wall boards and is fully guaranteed. Which will you choose for your home?

The manufacturers of Fiberlic maintain an extensive design and service department for our customers. No matter what use you may have in mind for Fiberlic, let us give you an estimate of the amount required and a complete panel design or suggestion for an artistic and pleasing job. Remember, Fiberlic is a quality product built for co-operation.
